# MODERN PACKAGING

## INDEX TO VOLUME 39

SEPTEMBER 1965 TO AUGUST 1966

### GENERAL ALPHABETICAL INDEX

A	Month	Page		Month	Page
A.A. Blister & Packaging Corp.			2-plastic casing used on glass aerosol for Coty's		
Kraft/foam-plastic/kraft base for skin packs	July	64-66	Imprevu cologne	August	113
A&E Plastic Pak Co.			Watch for growth in industrial aerosols	April	48
Polystyrene sausage tray with reclosable shrink-film lid	July	131	Whither food aerosols?	September	47
A & M Tool & Die Co. (Saga Packaging Machinery Div.)			Why aerosols grow indicated in survey	December	42
Tube filler with positive pre-seal	October	226	Air Force Logistics Command (Wright-Patterson Air Force Base)		
Abbott Laboratories			Computers in packaging	May	216
Story of a label mix-up	December	216	Air Reduction Co., Inc.		
ABC Packaging Machine Corp.			Aerosol market growing	August	196
High-speed automatic case unloader/unscrambler			Airwick Brands		
handles wide range of glass	April	60	"Breezy" air freshener, in decorator aerosol container	December	131
Accurate Packaging Industries			ALCOHOLIC BEVERAGES		
Machine for making center-seam bags	December	186	Aluminum cans: the story at Hamm's (St. Paul brewery)	September	134
ACMA Co.			Holiday Liquors: Far Out	October	135
New automatic filler for small industrial drums is			How to hold your liquor in a half-gallon bottle	September	132
introduced	March	189	Packaging Pacemakers - Schlitz	June	130
Acme Quality Paints, Inc.			Alford Cartons		
Acme Quality Paints, Inc. packaging for Modern Wood			Extruded-foam tray: "snowy" backdrop for Christmas	July	130
Tone Finishing Kit has box of four-color lithographed			ornaments		
to duplicate finish obtained by the product	September	147	Allen Transmatic Ltd.		
ACRYLICS			Automatic powder-filling machine	August	174
A New Resin for Bottles	October	186	Allied Industrial Designers Limited		
Ad Art Printing			Revolutionary in design, by James Pilditch	March	161
Color-matched paint can "under label" solves inventory			Alstrand, D.V., Kahlin, T.L. and Lehmann, K.F.		
problem	June	154	Study in Systems Engineering	October	177
ADHESIVES			ALUMINUM		
Adhesive applicator, tablet counter	December	60	Aluminum cans	May	231
Adhesive for labeling PVC bottles	December	58	Aluminum cans: the story at Hamm's	September	134
Adhesive setting-time tester, C.V. Hawkes	September	161	Aluminum grows in use as a packaging material	May	224
Admiral Plastics Corp. (Container Div.)			Aluminum is getting a grip on the can market	September	50
Bristol-Myers sells safety of new polystyrene bottle for			Electrochemical testing of aluminum in cans, by		
Excedrin	June	128	John McHardy	June	161
AEROSOLS			Glimpse of the future in aluminum cans	February	46
Aerosol cans of Noxzema Medicated Instant Shave Cream			Growth of aluminum cans in soft drink market	January	47
are now reaching distributors in paperboard six-packs			Neck-in chime on new aluminum cans	July	66
handled on machinery that produces 30 packs per minute	February	108	New aluminum mill	July	186
Aerosol line engineered for versatility	December	118	No shortage in aluminum is the prediction of John D.		
Aerosol market growing	August	196	Sharpe, Reynolds Metals	April	45
AMA Aerosol Seminar	May	204	Polypropylene neck on aluminum tube	March	128
An Aerosol Grease Gun	October	172	Reynolds movie	July	192
Blow-molded aerosol of acetal copolymer	July	66	Strange twist of fate	January	47
"Breezy" air freshener, in decorator aerosol container	December	131	Aluminum Assn.		
CSMA selections of year's outstanding aerosols	February	181	Aluminum grows in use as a packaging material	May	224
Chattem Chemicals announces aluminum salt to aid			Aluminum Co. of America		
packaging of aerosol deodorants	August	41	New directions for Coke in carriers and home dispensers	September	133
"Cinderella" carton for spray can	July	117	New fabricating technique produces novel single-unit	September	60
Developing a larger metered valve, by H. Sorber	November	158	foil containers		
Drawn seamless aerosol cans offer strength	March	62	American Beverage Co.		
Food aerosols move ahead	December	103	In-plant carton printing slashes costs for multi-label		
Interesting possibilities exist in the new "pressure-			bottler	April	193
cartridge" concept for aerosols	February	43	American Brewery		
More on aerosol filling	December	164	Gentle handling for glass	April	192
More sizes, more zip on an aerosol line	May	126	American Can Co.		
New aerosol concept isolates propellant in dip-tube cylinder	February	54	Can has polyethylene strip opener	December	60
New aerosol filler	September	66	Can lid with ring tab	November	56
New filler for aerosols	September	64	Drawn seamless aerosol cans offer strength	March	62
New ways to tamperproof	November	107	Economy in shipper set-up	January	119
Packaging creates a whole new product field	October	39	Embossed four-color metal containers for quality food		
Printed design for Revlon's Blue Mist Hair Spray	November	131	packages	May	58
Propellant-free aerosol uses spring-and-piston system to			Minute Maid tests foil-lined carton for frozen concentrate	November	122
expel products	May	58	New copolymer bread-wrap film	February	56
Properties of Celcon aerosols, by A.C. Werner, M.K. Black			Prices Move Up	February	186
and P.R. Lantos	February	133	Prices: up and down	May	236
Pushbutton-happy Americans are sold on aerosols	May	202	Tin-free steel can due	October	258
Test kit available for new aerosol concept	August	56	Two worlds of plastics packaging	August	117
Twin straight-line aerosol filler	February	58	Quart-size plastics oil containers	November	58
			American Cynamid Co.		
			New economy in bagging	October	171

	Month	Page
Arnold Engineering Company		
Ultra-thin aluminum foil	December	186
American Engineering & Design Corp.		
New low-cost heat sealer	December	62
American Excelsior Co.		
Strength without bulk	May	145
American Express Co.		
Method used to present Sir Winston Churchill		
Commemorative crown for numismatists	January	107
American Flange & Mfg. Co.		
Easy-off bottle cap has ring tab	August	64
Hopper for easy-open bottle caps	August	174
American Hardware Co.		
Effective, practical packaging with simple double glued card	October	152
American Hoechst Corp.		
New rigid clear PVC for blister packaging	April	66
American Machine & Foundry Co. (Wen Mac Div.)		
Multi-value carry carton bolsters product introduction	January	98
Rhomboidal "clamshell" carton gives dramatic new appeal		
to shoe packaging	February	104
American Management Assn.		
AMA show/conference	February	180
Marketing/packaging	September	236
Packaging Show Diary	June	143
American Marketing Assn.		
Marketing/packaging	September	236
American Plywood Assn.		
Vietnam - packaging under fire	August	99
American Safety Razor Co.		
How to save \$350,000 a year	February	110
American Screen Products		
Multiple-size, small-order shipping boxes made in-plant at lower cost	July	144
American Standard Co. (C. F. Church Div.)		
Plastic dispenser reel for band-saw coils offers strength, convenience	August	104
American Tobacco Co.		
Cigarette packages now carry health warnings	February	179
American Trucking Assn.		
Truckers approve shrink-wrap shippers for 21 foodstuffs	July	200
Ameriplastic Co.		
One piece corrugated mailer cuts transit and handling damage 35%	April	192
Amsco Packaging Machinery, Inc.		
Automatic bag loader for baked goods	March	230
Fully automatic tagging machine	February	159
Anchor Hocking Glass Co.		
New coating compound for glass	August	58
Anderson Brothers Mfg. Co.		
High-speed French lines debut in U.S.	February	58
Andora Automation Inc.		
New pressure-sensitive labelers	October	228
Arenco Machine Co.		
High-speed sealing unit for laminated tubes	February	56
Versatile new checkweigher with computerized feedback controls	January	60
Arkay Packaging Corp.		
Cloth, metal applied to cartons	April	66
Armite Laboratories		
Telescoping probe in a lubricant dispenser reaches the inaccessible spots	May	123
Armstrong Cork Co.		
Crown cap both twists and flips off	August	105
New multicolor cold labeling for one-trip glass bottles	September	60
Out of packaging: a "dry liquid"	June	122
Arnold Bakers, Inc.		
Back to bags	May	113
Arrow Food Products		
Serrated-edge carton for foil offers low-cost convenience	August	120
Aseco Corp.		
FDA-approved bucket elevator	December	58
New compact automatic checkweigher	October	224
<b>ASSOCIATIONS</b>		
Brighter future seen for flexible packaging	July	202
Flexible packaging	November	203
Marketing/packaging	September	236
Now it's Blueberries Automatically Cartoned	October	166
PI Forum	August	183
PI Forum hears call to action	November	143
Packaging Institute Forum will expand popular features	September	140
PMMI Show seminar	September	247
TAPPI on pre-planning	January	174
Two many gold rings for packaging (ed.)	June	113
Atkins Saw Co.		
Low-cost corrugated folder suspends saw blade in shipment	November	138
Atlantic County Market Growers Assn.		
Now it's Blueberries Automatically Cartoned	October	166
Atlantic Gummed Paper Corp. (Padlock Machinery Div.)		
Taping unit selects only untaped boxes	April	64
Atlas Screw & Specialty Co.		
More efficiency at lower cost with inplant paperboard-box production	August	121
Atlas Tool Co.		
Tricks With Blisters	October	174

	Month	Page
Aunt Mid, Inc.		
Refrigerated, diced fresh onions in polyethylene container	October	153
Auto Specialties Mfg. Co.		
S-T-R-E-T-C-H-A-B-L-E case for long products	April	190
Automatic Spring Coiling Co.		
Through-the-box strapping for big loads saves \$10,000	August	121
Automation Engineering Laboratory		
Automatic candy-packing system	August	56
Avery Label Co.		
New in-line labeling unit	September	64
New pressure-sensitive labelers	October	228
Automatic self-adhesive labeler	April	62
Portable labeler cuts labor costs 86% in multi-plant operation	May	144
Wrap-around labeler for vials	January	62
Avisun Corp. (Industrial Products Div.)		
Polypropylene milk-carton case	September	66

## B

### BABY ACCESSORIES

Unusual carton-construction feature: lid converts to easel display	August	104
--	--------	-----

### BAG MAKING

Machine twist ties bags with wire ribbon	November	180
Perforated-bag-making machine	October	226

### BAG PACKAGING

Automatic bag-closing unit	June	202
Automatic bag loader for baked goods	March	230
Back to bags	May	113
Bagging produce like candy	December	110
Boil-in-bag machinery	December	164
Calculating paper bag life	November	220
Cost of bagging	August	138
Faster bagging for soft goods	September	154
Flip-flop bag design fills two merchandising needs	March	116
Heavy-duty plastic industrial bags	March	205
Heritage House, a producer of lawn food, and Sun Oil Co. have joined in a promotion that offers Lawn Food in a twin-pack baler bag that also holds a Sunoco "uncher" chit for gasoline	September	146
Machine for making center-seam bags	December	186
Machine tags bags as it ties them	August	174
Metallized cellophane bag for a crisp snack item protects as it attracts	May	122
New bag opener with vacuum assist	July	68
New bag packer has unique flow principle for sluggish dry products	November	54
New baked-goods bagger	February	60
New consumer package	April	66
New decorative vignette for roll bags	August	62
New "square" plastics bag	September	66
Pries: up and down, by M.J. Brunda and S. Sacharow	September	131
Testing of boil-in-bags	May	236
Bakan Plastics (Div. Cook Chemical Co.)	November	162
Resealable head on new pump sprayer	July	68-176
Baker Perkins (Exports) Ltd.		
Automatic meat and produce wrapper	March	210
Blow molding/filling/sealing integrated into single cycle by new machine	March	188

### BAKERY PRODUCTS (see also Food Packaging)

Automatic bread-bagging, tying system	June	62
Back to bags	May	113
Bread in polyethylene bags unusual and popular concept	October	152
Bread-wrap film with unique properties	November	56
High cost of packaging for frozen baked goods was justified by Douglass L. Mann, president of the American Bakers Assn.	November	48
New copolymer bread-wrap film	February	56
New decorative vignette for roll bags	August	62
Package precedes product in a reverse twist by Bond Baking Co.	April	170
Shrink wrapping stepped up 400%	November	134
Simple surface design for Oronoque Orchards' cookie carton combines line drawing & full-color photo to communicate how-to-use message	July	139
Transparency and protection from breakage at low costs are provided by Taylor Biscuit Co.'s new plastics cookie-tray package	November	131
Ball Brothers		
Hinge-action polypropylene pour closure turns jar into re-use decanter	April	148
Baltimore Biological Laboratory		
Expanded polystyrene-foam package doubles as a shipping container and as two refrigerator trays for test tubes	February	108
Bancroft Bag Factory		
New multiwall bag costs less than burlap	May	184
Bates Mfg. Co.		
Soft goods in a luxury bag	July	115
Battle Creek Packaging Machines		
Gentle-action overwrapper doubles speeds, cuts costs 50%	October	170

	Month	Page
Roll-fed card cutter/feeder produces back-up cards with round corners . . . . .	November	54
Two overwrappers for cartons, rolls . . . . .	February	58
Bekum Maschinen-Vertrieb Mehnert & Co. New form/fill/seal unit for packaging liquids in quart-size pouches . . . . .	March	189
Bell & Howell Co. Free form in foam . . . . .	January	93
Bell-Mark Corp. New carton sealer/printer . . . . .	December	65
New coil-spring activated imprinter . . . . .	May	64
New imprinter for shrink packages . . . . .	February	56
Bell Helicopter Co. Two ways to cut hand costs . . . . .	May	136
Bemis Co. Bag packager has unique flow principle for sluggish dry products . . . . .	November	54
Fertilizer dispensing bag eases home-owner's chores . . . . .	December	116
Prices: up and down . . . . .	May	236
Updated burlap bag gives low-cost rust protection . . . . .	September	153
Vented heavy-duty polyethylene bag . . . . .	April	228
Benson & Hedges (Canada) Ltd. Foil "humidor pouch" keeps cigars fresh 50% longer in consumer pockets . . . . .	August	105
Berni, Alan & Associates Feminine design hints at special feature of a new clock . . . . .	November	123
Beseler Corp. (Shrink Film Equipment Div.) New heat sealer lowers cost . . . . .	September	66
New modular controls for shrink tunnels . . . . .	May	182
Bestpak, Inc. Automatic tray de-nester and feeder . . . . .	March	234
<b>BEVERAGES</b>		
New directions for coke carriers and home dispensers; Coca-Cola Co. . . . .	September	133
Black & Decker Mfg. Co. Hinged, double-wall polyethylene carrying cases molded in one piece . . . . .	February	109
Black Mountain Spring Water, Inc. New ways to tamperproof . . . . .	November	107
Blackwell Printing Co. Marine distress-signal kits bob up in floatable polystyrene foam . . . . .	May	123
Blanke Plastic Co. Multi-value carry carton bolsters product introduction . . . . .	January	98
<b>BLISTER PACKAGES &amp; PACKAGING</b>		
Acetate blister is used solely for design purposes on this two-piece paperboard package for physicians samples of Smith Kline & French Combid Spansule capsules . . . . .	April	171
Blister cards for darts permit economical package standardization . . . . .	July	144
Display pack that utilizes regular-size deodorant containers and 1/2 dram premium bottle of perfume . . . . .	March	116
Economical short-run blister system . . . . .	October	132
Method used to present Sir Winston Churchill Commemorative Crown for numismatists . . . . .	January	107
New rigid, clear PVC for blister packaging . . . . .	April	66
Over-under blister pack: it stacks up . . . . .	July	112
Tricks with blisters . . . . .	October	174
Two manually operated blister-packaging units offer new sealing principle . . . . .	December	56
Unusual gift-appeal blister pack promotes multiple sales of a fragrance line . . . . .	February	105
Versatile blister-pack sealer . . . . .	February	62
Versatile turntable-type blister packer . . . . .	August	176
<b>BLOW MOLDING</b>		
Blow molding/filling/sealing integrated into single cycle by new machine . . . . .	March	188
Blow molding in Europe . . . . .	December	208
Blow-molded bottle decoration . . . . .	November	58
High-capacity extruder/blow molder for large-size containers . . . . .	March	189
New resin for blow-molded containers . . . . .	August	60
Polyethylene zeroes in on antifreeze . . . . .	November	114
Bobbie Brooks, Inc. Automated system for complex shipper packing . . . . .	February	106
Booth Bottling Co. Beverage caps turn now - to reseal bottles . . . . .	July	136
Borden Chemical Co. Adhesive for labelling PVC bottles . . . . .	December	58
Borden Chemical expands . . . . .	November	223
Prices: Up and down . . . . .	May	236
Unusual carton-construction feature: lid converts to easel display . . . . .	August	104
Convenience plus: disposable diapers in carry-handle bag . . . . .	January	98
Botstitch Inc. Cutting down on down time . . . . .	October	171
Stapler pinches costs . . . . .	March	126
<b>BOTTLES</b>		
A returnable plastics milk bottle . . . . .	January	94
Beverage caps turn now - to reseal bottles . . . . .	July	135
Blow-molded bottle decoration; Kleen-Stik Products, Inc. . . . .	November	58

	Month	Page
Blow-molded bottles in U.S. in 1965 reach new high, Bureau of Census reports . . . . .	July	45
Blow molding/filling/sealing integrated into single cycle by new machine . . . . .	March	188
Bufferin goes to plastic . . . . .	May	119
Compact resin-to-capped bottle line . . . . .	April	161
Compromise on beer bottles, between the returnable and no-return versions, is being tested by Falstaff in California . . . . .	February	46
Holiday Liquors: Far Out . . . . .	October	135
How to hold your liquor in a half-gallon bottle; Browne Vintner Co. . . . .	September	132
How returnable are returnable bottles? . . . . .	November	48
Leading in PVC bottles, by H. Verity Smith . . . . .	March	181
New bounce for plastic bottles . . . . .	June	115
New data on PVC bottles, by Jules Pinsky . . . . .	March	131
New easy-grip glass bottle for Alberto-Culver's hand cream also offers upgraded "cosmetic" appearance . . . . .	June	134
New multicolor cold labeling for one-trip glass bottles . . . . .	September	60
New resins for plastic bottles . . . . .	August	138
New vitreous enamels for one-trip bottles . . . . .	May	181
Non-returnable bottles gain dramatically . . . . .	July	205
P&G tests PVC bottles . . . . .	December	116
Pepsi in one-way glass . . . . .	November	207
PepsiCo pushing use of non-returnable glass among its individual bottlers . . . . .	July	45
Plastic bottles for milk gaining . . . . .	August	41
Plastic bottle with molded-in dropper . . . . .	June	129
Plastic milk bottles . . . . .	May	232
Plastic milk bottles . . . . .	August	210
Plastics milk bottles forge ahead . . . . .	December	39
Polyethylene zeroes in on antifreeze . . . . .	November	114
Polystyrene: comeback in bottles . . . . .	June	235
Safeway Stores, Inc. sends packaging man to attend Soc. of Plastics Engineers session on plastic milk bottles . . . . .	July	48
Shipper construction for plastic bottles, by Jacobson, R. E. & Rue, C. S. . . . .	August	132
Slower but more . . . . .	May	232
Stay alert on PVC bottles . . . . .	November	45
Success in printing compound curves . . . . .	September	126
Threat to glass by plastics bottles is discounted by a leading drug-industry user of both types . . . . .	November	45
Three-color decorations for non-returnable soft-drink bottles can now be applied by a new process called "applied baked color" . . . . .	April	45
Water in PVC . . . . .	December	195
(The) Box Shop Animated eyelash package "winks" back at customer . . . . .	December	117
<b>BOXES (set-up, telescoping, plastic)</b>		
Construction wins in folding boxes . . . . .	April	177
Brach & Sons, E. J. . . . .		
Lithographed metal containers carry full-color illustrations of the candies . . . . .	February	109
Breck, John H., Inc. Tube-in-a-carton Engineering Triumph . . . . .	October	149
Brillo Mfg. Co. Visual & tactile inspection permitted by partial-coverage paperboard sleeve for Brillo's new nylon scrubbing pad . . . . .	August	112
Bristol-Myers Co. Packaging Pacemakers-Bristol Myers . . . . .	February	110
Bufferin goes to plastic . . . . .	May	119
Brown & Williamson Tobacco Corp. New look in checkweighers . . . . .	July	111
Redesign by Degrees . . . . .	December	134
Brown Machine Co. High-speed plug-assist polystyrene-tray former . . . . .	May	62
High-speed, plug-assist former: correction . . . . .	July	68
New Thermoformer for in-plant Production of Plastics Container . . . . .	October	66
Brown Products Co. Custom corrugated cushioning . . . . .	May	145
Brownberry Owens Inc. A saddle-type carry carton with inner bag for Catherine Clark's Seasoned Crumbs . . . . .	February	109
Browne-Vintner Co. How to hold your liquor in a half-gallon bottle . . . . .	September	132
Brun D'Arre Co. Unusual multipack contains eight nylon stockings in prismatic cartons . . . . .	March	111
Bruning Co., Charles Poly bag that tears . . . . .	September	131
Buitoni Foods Corp. Product visibility provided by new square glass jars for 6 sauces by Buitoni Foods Corp. . . . .	August	113
<b>BUNDLING (see Multipackaging)</b>		
Versatile, quick-change bundler . . . . .	December	58
Butler County Mushroom Farms Corrugated scores as shipper/display basket for mushrooms grown by Butler County Mushroom Farms . . . . .	August	112
<b>C</b>		
Cadillac Plastic & Chemical Co. (Films Div.) New cast vinyl film cuts heat input 40% . . . . .	March	230
Cal Crown Corp. . . . .		

	Month	Page
New accumulating/packaging system . . . . .	June	204
Cal-Formed Plastics Co.		
Plastic containers with corrugated walls . . . . .	April	230
Caliente Chili Co.		
Plastics net for a shelf package . . . . .	December	131
Cameo Curtains, Inc.		
Wrinkle-free packaged curtains . . . . .	November	119
Canco Products (American Can)		
Vacuum closing unit for small meat packers . . . . .	June	66

#### CANDY & CONFECTIONERY (see also Food Packaging)

Automatic candy-packing system . . . . .	August	56
Candy in the Supermarket . . . . .	October	42
Candy industry as a major consumer of packaging materials and machinery . . . . .	February	43
Cold-seal Wrap for Candy . . . . .	October	131
Lithographed metal containers carry full-color illustrations of the candies . . . . .	February	109
Packaging's role in candy marketing . . . . .	December	227
Simple set-up for a complex carton . . . . .	August	102

#### CANNED FOODS (see also Food Packaging)

Canning process cited . . . . .	August	210
Rapid de-tinning of cans for tomatoes has been linked to heavy nitrogen fertilization by technologists at the University of California's Davis Food Science Center . . . . .	June	46
White-enamel-lined process-food cans . . . . .	July	68

#### CANS

Aluminum cans . . . . .	May	231
Aluminum cans: the story at Hamm's (St. Paul Brewery) . . . . .	September	134
Bigger ring on pull-open beverage cans . . . . .	May	181
Can has polyethylene strip opener . . . . .	December	60
Canned candles is Bluegate Candle Co.'s innovation for a new line of "Candescend" aromatic candles . . . . .	May	130
Canned in Boston . . . . .	September	232
Cans for beverages have grown at a 38.7% rate during the last year . . . . .	May	41
Case packing bright cans—a departure . . . . .	May	120
Competition among containers in frozen-juice market results in fibre-foil can with tear strip, no-tool opening . . . . .	August	113
Easy-open cans being used by Tru-Aid Co. to package orange & grape non-carbonated drinks . . . . .	July	139
Electrochemical testing of aluminum in cans, by John McHardy . . . . .	June	161
Exciting new shapes for cans are forecast, by National Can's president Robert Stuart . . . . .	March	46
Extra-strength composite motor-oil container lessens the danger of can damage . . . . .	December	56
In-can measuring of electrochemical corrosion, by D. Reznik & H. C. Mannheim . . . . .	August	127
Neck-in chime on new aluminum cans . . . . .	July	66
New, taller and slimmer seamless aluminum can for Royal Crown Cola Co.'s Royal Crown Cola and Diet-Rite Cola . . . . .	November	130
Oscar Mayer introduces wickproof metal-end fibre can for shortening . . . . .	April	149
Packaging pacemakers: Coca Cola . . . . .	January	102
Slimmer can connotes low-calorie content of Pet Milk Co.'s Sego liquid diet food . . . . .	June	134
Strange twist of fate finds aluminum vs. aluminum in the can market . . . . .	January	47
Switch to easy-open fibre cans slashes packaging costs by 10% . . . . .	July	145
Tin-free steel can due . . . . .	October	258
Watch the battle between aluminum and steel for can markets . . . . .	December	39
Welded-seam can is now commercially available to packagers Capewell Mfg. Co. . . . .	August	54
Plastic dispenser reel for band-saw coils offers strength, convenience . . . . .	August	104

#### CAPPING EQUIPMENT

Beverage caps turn now - to reseal bottles . . . . .	July	135
New Continuous Rotary-Motion Capper Operates at 300 Per Minute . . . . .	October	64
New under-the-cap seal . . . . .	April	168
Redesigned capping machine . . . . .	October	222
Single-head automatic capping machine . . . . .	March	205
Versatile filler-capper combination . . . . .	March	200

#### CAPS

Crown cap both twists and flips off . . . . .	August	105
Easy-off bottle cap has ring tab . . . . .	August	64
Hopper for easy-open bottle caps . . . . .	August	174
Carlisle Chemical Works . . . . .		
PVC qualities improved by new stabilizer . . . . .	August	60
Carnation Co. . . . .		
A returnable plastics milk bottle . . . . .	January	94
New look in checkweighers . . . . .	July	205
Carnation Seafoods From Oceans of the World Eastern, New York . . . . .		
Shrimp cocktail in a film bag bids for impulse appeal . . . . .	November	123
Carter, William, Co., The . . . . .		
Faster bagging for soft goods . . . . .	September	155

#### CARTONING EQUIPMENT

A new carton-forming system . . . . .	February	99
Automatic cartoner for bakery items . . . . .	February	62
Automatic cartoner, turntable loading . . . . .	March	208
Bagger and Cartoner Joined to Form One Synchronized Packaging Unit . . . . .	October	62
Cartoner handles 150 units per minute . . . . .	May	182
Continuous-motion carton filling . . . . .	October	224
Fast and versatile drug packaging . . . . .	March	104
High-speed automatic cartoner features versatile vacuum-opening system . . . . .	April	58
How to save \$350,000 a year . . . . .	February	110
In-line collating of packages . . . . .	March	210
New accumulating-packaging system . . . . .	June	204
New carton-forming Machine . . . . .	October	68
New cartoner for book packaging . . . . .	October	222
New carton sealer/printer . . . . .	December	60
New cartons formed from flat blanks . . . . .	February	60
New concept in vapor tight cartons, by G.G. Rumberger . . . . .	January	123
New product-feeding unit and new roll-stock leaflet feeder . . . . .	December	56
Now: a Top-loading Glued Carton . . . . .	October	140
Now it's Blueberries Automatically Cartoned . . . . .	October	166
Pre-folded leaflet-inserter attachment . . . . .	April	64
20% savings for 53 shippers . . . . .	April	144
Two new book-packaging systems . . . . .	May	182
Versatile automatic cartoning machine . . . . .	August	60
Vertical cartoner has greater versatility . . . . .	August	56
Wrap-around cartoner for bottles, cans . . . . .	January	64

#### CARTONS

A complete departure from the commercial or functional appearance of most washday packaging characterizes the new "rose-pattern" carton for Lever Bros. Co.'s Lux Flakes . . . . .	November	130
A deal for the dealer . . . . .	June	121
"Cinderella" carton for spray can . . . . .	July	117
Higher packaging speed, lower costs with hot-melt-coated cartons . . . . .	July	145
Low-cost shadow-box carton, packaging system . . . . .	July	176
Multi-value carry carton bolsters product introduction . . . . .	January	98
New center-tuck molded-pulp egg cartons . . . . .	June	62
New light on light bulbs . . . . .	November	120
Polka dots give unity and individuality to a product line . . . . .	January	99
Reach-in shrink packaging . . . . .	June	125
Rhomboidal "clamshell" carton gives dramatic new appeal to shoe packaging . . . . .	February	104
Seven fold-out panels carry product information and details on a promotional contest . . . . .	March	117
Simple set-up for a complex carton . . . . .	August	102
Single-wall Barrier Cartons . . . . .	October	194
Sunglass carton has front and back windows for viewing product and carry case . . . . .	June	129
Swinging fifth panel and face panel of the paperboard carton for Magia Products breathing rubber household gloves carry the same glamour illustration . . . . .	May	131
Squaring the tetrahedron . . . . .	November	141
Tube-in-a-carton Engineering Triumph . . . . .	October	149
Two compartments in a one-piece carton . . . . .	April	149
Vented carton for produce . . . . .	December	62

#### CASE PACKAGING

Case packaging bright cans—a departure . . . . .	May	120
Case packer reduces package damage . . . . .	October	224
Caser engineered for compactness . . . . .	March	190
Compact new in-line case former . . . . .	March	62
Economical casing of elongated items . . . . .	October	226
New automatic end-load caser . . . . .	February	162
New bagger linked to weigh scale . . . . .	October	70
New compact case openers . . . . .	August	60
New gravity-pack end-load caser for cans . . . . .	April	226
S-T-R-E-T-C-H-A-B-L-E caser for long products . . . . .	April	190

#### CASE UNLOADING

High-speed automatic case unloader/unscrambler handles wide range of glass . . . . .	April	60
Caterpillar Tractor Co. . . . .		
Updated burlap bag gives low-cost rust protection . . . . .	September	153
Celanese Corp. of America (Celanese Plastics Division) . . . . .		
New high-density polyethylene . . . . .	December	64
Celanese Plastics Co. . . . .		
Blow-molded aerosol of acetal copolymer . . . . .	July	66

#### CELLOPHANE

Four new cellophanes . . . . .	December	60
Celloplastics, Inc. . . . .		
Miniature polypropylene jar for cosmetics . . . . .	June	204
Central National Corp. . . . .		
Japanese sales to U.S. . . . .	August	188
Certified Grocers of California, Ltd. . . . .		
Trouble in the Backroom . . . . .	March	99
Chase Bag Co. . . . .		
New "square" plastics bag . . . . .	September	66
Two worlds of plastics packaging . . . . .	August	116
Chemical Specialties Mfrs. Assn. . . . .		
Aerosol market growing . . . . .	August	196

	Month	Page
Food aerosols move ahead . . . . .	December	103
Cherrin Packaging Machinery Co. Packaging machinery with dual-roll feed . . . . .	April	66
Cherry-Burrell Corp. Bulk filler for sterile packaging . . . . .	February	58
Chesebrough-Pond's, Inc. Packaging Pacemakers - Chesebrough-Pond's, Inc. . . . .	August	106
Space-locked Multipack for Glass . . . . .	October	128
Chevron Chemical Co. (Ortho Div.) Tailored Plastics Jug . . . . .	October	143
Chisholm Ryder Co. of Pa. Variety of fill methods featured on new machine . . . . .	May	64

#### CIGARETTES

An example of conformance between state and Federal regulations may be seen by the immediate New York State reaction to the recently signed Federal cigarette-labeling law . . . . .	September	47
Cigarette packages now carry health warning . . . . .	February	179
Flat 20 cigarette packs have been adopted by American Tobacco for new Pall Mall menthol filters as well as for Pall Mall filters . . . . .	May	130
New treatment for a famous brand name adds impact to the test introduction of Liggett & Myer's Chesterfield filter and menthol filter cigarettes . . . . .	June	135

#### CIGARS

Convenience idea: product "opens" the package . . . . .	November	122
Foil "humidor pouch" keeps cigars fresh 50% longer in consumer pockets . . . . .	August	105
Circle Design & Mfg. Corp. Form-fill/seal unit makes creaseless slant pouch . . . . .	January	62
Claff & Sons, M. B. Rhomboidal "clamshell" carton gives dramatic new appeal to shoe packaging . . . . .	February	104
Clark, J. L. Mfg. Co. Blow-molded aerosol of acetal copolymer . . . . .	July	66
Clearprint Co. Convenience plus: disposable diapers in carry-handle bag . . . . .	January	98
Clear-Vu Packaging Unusual gift-appeal blister pack promotes multiple sales of a fragrance line . . . . .	February	105

#### CLOSING MACHINES (see Capping Equipment or Sealing Equipment)

Heavy-duty can-closing machine . . . . .	August	64
Horizontal Closing and Sealing Machine . . . . .	October	68
New can-closing machine is said to operate at speeds of 1,000 per minute . . . . .	January	60
New line of carton-closing equipment . . . . .	April	228
Cloth laminate for cartons . . . . .	April	66
Clybourn Machine Corp. Double speed of vertical fillers . . . . .	February	162

#### CLOSURES

New can lid with ring tab; American Can Co. . . . .	November	56
Coin-counting containers . . . . .	September	158
Fertilizer dispensing bag eases home-owner's chores . . . . .	December	116
Hinge-action polypropylene pour closure turns jar into re-use decanter . . . . .	April	148
Linerless polypropylene closure; Owens Plastics Products Corp. . . . .	November	58
Machine twist ties bags with wire ribbon . . . . .	November	180
New plastic-coated paper milk carton . . . . .	March	62
New unit inserts friction-plug can closures . . . . .	September	64
New ways to tamperproof . . . . .	November	107
Silver polyester tape decorates polystyrene closure on Colgate's "007" deodorant-stick package . . . . .	July	138
Sonic-welded plastic closures . . . . .	June	202
Threaded polypropylene closure . . . . .	November	180
Tying three steps into one . . . . .	July	129

#### COATING EQUIPMENT & MACHINERY

New hot-melt conversion unit . . . . .	January	64
--	---------	----

#### COATINGS

Changing technology in coatings, laminations, and structural films seems likely to bring new companies into the converting field . . . . .	September	50
Coated-cloth chub pack . . . . .	September	139
Coated-paper box liners . . . . .	February	144
Coated yet porous paper . . . . .	March	142
Great new growth for hot-melt coatings is forecast by Du Pont . . . . .	May	44
Heat-sealable lacquer . . . . .	December	164
High-speed extruder . . . . .	September	220 37,131
Improved product protection is provided for shelled pecans by corrugated boxes having a special interior grease-resistant coating . . . . .	May	131
In hot-melt coatings for paper and board, far-reaching advances may be expected . . . . .	March	43
New barrier coating for glassine, paper . . . . .	April	66
New equipment for high-viscosity wax coatings . . . . .	May	221
New film combinations, by R. F. Long and J. F. Helms . . . . .	November	151
New plastic coating for paper . . . . .	September	64

New series of saran resins . . . . .	December	62
New Status of Saran Emulsions, by Robert F. Avery and R. Karl van Leer . . . . .	October	144
Plastic coating boosts paper's tear strength . . . . .	June	62
Saran-latex interior carton coating guards moisture in frozen waffles . . . . .	May	122
Special saran emulsions for coating films . . . . .	June	204
Sprayable coatings for foams . . . . .	August	176
Vinyl coatings . . . . .	July	158
Coca-Cola Co. New directions for Coke in carriers and home dispensers . . . . .	September	133
Packaging pacemakers: Coca Cola . . . . .	January	102

#### CODERS

Can coding at 600 a minute . . . . .	September	198
Code marker has automatic inking . . . . .	August	60
Code verification on cartons . . . . .	January	136
Low-speed sideline bottom coder . . . . .	February	62
New carton dater/coder; Lincoln Logotype Corp. . . . .	November	56
New electronic code-reading system lessens possibility of packaging mix-ups . . . . .	January	60
New flexographic lid coder . . . . .	December	64
New solid-state verifying device . . . . .	June	203
Redesigned aerosol-can coder . . . . .	January	148
Code Inspector Eliminates Errors . . . . .	October	68
Colgate-Palmolive Co. "Foreign aid" for U.S. packagers Silver polyester tape decorates polystyrene closure on Colgate's "007" deodorant-stick package . . . . .	May	142
Two worlds of plastics packaging . . . . .	July	138
Columbia Coffee Service Foil "brew basket" takes guesswork out of coffee making . . . . .	August	114
Columbian Enameling & Stamping Co. Packaging doubles sauce-pan sales . . . . .	September	131
Concrete Maintenance Products Concrete mix and water in novel pouch-in-pouch . . . . .	July	131
Conex Co. Vietnam - packaging under fire . . . . .	February	105
Consolidated Chemical Works New plastic bag stands up, dispenses . . . . .	August	99
Consolidated Packaging Machinery Corp. New Continuous Rotary-motion Capper Operates at 300 Per Minute . . . . .	March	234
Sonic level control added to filler . . . . .	October	64
Construzioni Automatiche Matelli Co. In-line collating of packages . . . . .	January	148
Container Corp. of America Convolute can cuts label costs at no loss in printing quality . . . . .	March	210
Container Corp. (Delaware Plastics Div.) Hinge-action polypropylene pour closures turn jar into re-use decanter . . . . .	June	154
Rotable plastics "carousel" builds gift sales of Paul Masson wines . . . . .	April	148
To widen package appeal, merchandising moves into the home Container Equipment Corp. Automatic cartoner for bakery items . . . . .	June	128
Container Stapling Corp. Twin-head stapling machine . . . . .	February	62
Continental Can Co. Aerosol market growing . . . . .	August	56
Anti-trust decision . . . . .	August	196
Bigger ring on pull-open beverage can . . . . .	October	265
Extra strength composite motor-oil container lessens the danger of can damage . . . . .	May	181
Gallon-size polyethylene syrup jug saves 20% in shipping costs . . . . .	December	56
Continental Can Company (Folding Carton Division) High-speed glass-bottle multipacker . . . . .	January	118
Neck-through multipack with bevel end panels . . . . .	February	56
New can-closing machine is said to operate at speeds of 1,400 per minute . . . . .	May	184
Continental Can Co. (Folding Carton Div.) New center-tuck molded-pulp egg cartons . . . . .	January	60
New decorative vignette for roll bags . . . . .	June	62
New polyethylene tubs for foods . . . . .	August	62
New speed in multipacking . . . . .	June	64
Continental Can Co. (Flexible Packaging Div.) Peelable, heat-sealed lamination: new flexible package for sterile items . . . . .	September	66
Welded-seam can is now commercially available to packagers . . . . .	July	62
Continental Can Co. (Metal Div.) White-enamel-lined process-food cans . . . . .	August	54
	July	68

#### CONTRACT PACKAGING

Contract-packaging facilities, manned by trained epileptics, offered to packagers by new firm, Epihab Packaging Co., Los Angeles . . . . .	July	48
Which way contract packaging? . . . . .	June	136
Control Print Corp. Low-speed sideline bottom coder . . . . .	February	62
Vertical in-line can printer . . . . .	February	60

#### CONTROL SYSTEMS

Laser beam measures packaging-web length and speed . . . . .	August	54
--	--------	----

	Month	Page		Month	Page
<b>CONVENIENCE PACKAGING</b>					
Bache & Co. predicts demand for primary & convenience packaging should continue high	August	44	Foam molding in-plant to cut costs	September	148
Handled: king-size convenience	April	196	Frozen poultry labeled economically with printed-film inserts	August	120
New garment box offers convenience	August	58	Gallon-size polyethylene syrup jug saves 20% in shipping costs	January	118
<b>CONVERTING EQUIPMENT</b>					
Attachable on-package spray device	March	64	Gang-up process offers short-run economy in foil labeling	November	139
Automated box-forming, closing units speed bag-in-box operations	March	60	Gentle-action overwrapper doubles speed, cuts costs 50%	October	170
Automated plastic-container finishing	June	66	Gentle handling for glass	April	192
Device applies windows to cartons	April	228	Higher packaging speed, lower costs with hot-melt-coated cartons	July	145
New composite-can machine	October	70	How to save \$350,000 a year	February	110
New web-cleaning/static-eliminator system	April	226	In-carton stacking posts cut damage	January	118
<b>CONVEYORS</b>					
High-speed sorter/infed conveyor	November	180	In-plant carton printing slashes costs for multi-label bottler	April	193
Lateral switch uses sliding conveyor slats	May	181	Low-cost corrugated folder suspends saw blade in shipment	November	138
Reject conveyor for large bags	June	66	Machine part re-engineered to increase production efficiency	December	136
Cook Chemical Co. (Bakan Plastic Div.)			More efficiency at lower cost with in-plant paperboard-box production	August	121
Attachable on-package spray device	March	64	Mouthwash by the cup: add water	March	112
Portion-control liquid dispensers	February	62	Multiple-size, small-order shipping boxes made in-plant at lower cost	March	127
Corazza Natalino Co.			Multi-trip case economy	July	144
Automatic cartoner, turntable loading	March	208	New cast PVC film for meat packaging costs 21% less than cellophane	December	136
Corning Glass Works			New economy in bagging	February	54
A new packaging concept for acid-waste drainline pipe	December	130	New film-wrap dispenser works better and saves \$12,000	October	171
Glass used to make rubber printing plates	November	58	One piece corrugated mailer cuts transit and handling damage 35%	November	139
Shipper converts easily into display unit for Corning Glass juice containers	July	138	Package standardization cuts costs for diversified maker	April	192
<b>CORRUGATED CONTAINERS</b>					
Containerboard industry is alarmed at the prospective loss of 600,000 tons of corrugated board	September	47	Packager's decision: make or buy? by Renold L. Klawson	February	121
Easy-closing corrugated cartons	December	60	Plastic parts for packaging machines, by Arnold Schaeewe and Bruce F. Donnell	September	119
High-stacking strength process for corrugated containers	October	39	Potable labeler cuts labor costs 80% in multi-plant operation	April	199
Linerboard for corrugated is in tight supply and will become even tighter before the end of the year, predicts William Snyder, vice-president of International Paper Co.	June	46	Prize-winning foam shipper saves \$60,000 for IBM	May	144
Postage-saving corrugated mailer	December	58	Saved: 160 man-hours a week	September	152
Shipper/merchandise for produce	December	62	Serrated-edge carton for foil offers low-cost convenience	January	119
Strong, durable corrugated container	January	62	Shipper stacks up savings	August	120
Winning concepts in corrugated	June	242	Space saving carry carton offers convenience and safety	December	137
Wrinkle-free packaged curtains	November	119	Stapler pinches costs	September	152
<b>COSMETICS &amp; TOILETRIES</b>					
Animated eyelash package winks back at customer	December	117	Strength without bulk	March	126
Character polyethylene bottle for children	October	153	Stronger appeal for 25% less	May	145
Chrome-plated closure of acrylonitrile butadiene styrene for Merle Norman's men's toiletries	July	139	Suspended for protection	May	144
Door-to-door competition in men's and women's toiletry and cosmetic market should sharpen with the decision of Rexall Drug & Chemical Company to enter this door-bell sales field	April	48	Switch to easy-open fibre cans slashes packaging costs by 10%	February	120
Fabric & board make interesting packages for Eleve's new de Beaufort line called "Denim"	August	113	Through-the-box strapping for big load saves \$10,000	July	145
Growth of Men's Toiletries	October	39	Two ways to cut hand costs	August	121
Inspiration for nature led to surface design by Lenthieric for men's toiletries	July	139	Unified design shaves costs	May	136
Old & New-19th century Currier & Ives print and modern aerosol	October	153	Updated Burlap bag gives low-cost rust protection	March	115
Scenting the male animal	April	164	Construzioni Automatiche Martelli	September	153
Speidel enters the men's toiletries	January	107	Cartoner handles 150 units per minute	May	182
Toiletry and cosmetic premiums, packaged with the product cost \$3,419,000 in 1965	March	46	Coty, Inc.		
Trend toward luxury in cosmetics industry	October	152	2-plastic casing used on glass aerosol for Coty's Imprevu cologne	August	113
<b>COST REDUCTION (see Cost Cutters)</b>					
Automated produce packaging promises \$1,500,000 saving	June	155	New cartoner uses vertical-wheel form/fill	March	64
Blister cards for darts permit economical package standardization	July	144	New high-speed, compact poucher for tablets	July	64
Bottom coder for bottles effectively cuts labor and labor problems	March	126	New overwrapper for difficult products uses paper-backed foil	November	54
Bulk-handling economies with single-unit convenience	June	155	New product-feeding unit and new roll-stock leaflet feeder	December	56
Can marker reduces inventory	October	170	New tray packer, overwrapper for gum packages	June	60
Color-matched paint can "under label" solves inventory problem	June	154	Pre-folded leaflet-inserter attachment	April	64
Competition from Canada for U.S. packaging and containers market is increasing	December	42	Vertical cartoner has greater versatility	August	56
Convolute can cuts label costs at no loss in printing quality	June	154	Crown Paper Co.	December	62
Cost cutting on the carton printer	August	137	Rust-inhibiting paper		
Costs put on the skids	December	137	Crown Zellerbach Corp.	November	56
Custom corrugated cushioning	May	145	Bread-wrap film with unique properties	March	127
Cutting costs for Uncle Sam, by N.L. Cummings	February	122	Economies in bulk	August	58
Cutting down on down time	October	171	New board for skin packaging	October	171
Economical can-flow control	November	138	New economy in bagging		
Economical PVC shrink wrap adds appeal and speeds production	April	193	Crown Zellerbach Co. (Gaylord Container Div.)	December	137
Economies in bulk	March	127	Shipper stacks up savings	May	60
Economy in shipper set-up	January	119	Cumberland Chemical Corp.		
Engineering a saving	February	121	New vinyl chloride-propylene copolymer	July	145
Fewer rewaps for bread	September	153	Switch to easy-open fibre cans slashes packaging costs by 10%	June	58
Foamed plastics help Ford trim over-all packaging costs by \$77,000	February	120	Curtis, S. & Son		
<b>CUSHIONING MATERIALS</b>					
			Expandable-polystyrene foam cushioning blocks for delicate-instrument packaging		
Air-bubble cushioning arrives	September	128			
Air-cell paper cushioning	January	120B			
New corner posts cushion, strengthen	March	64			
Plastics container offers product protection	November	56			
Custom Beverage					
Beverage caps turn now - to reseal bottles	July	136			
Cutler-Hammer Co. (Thayer Scale Division)					
For checkweighers: statistical display	February	56			
<b>D</b>					
Dab-O-Matic Corp.					
New applicator for liquids has integral spring	May	184			
"Roll-on" applicator has unique flow-control valve	January	62			
Dade Reagents, Inc.					
Double-duty drug containers	January	120			

## DAIRY EQUIPMENT & SUPPLIES

Squaring the tetrahedron; paper milk container; Skelleftea Dairy Assn. (Sweden) . . . . .	November	140
---	----------	-----

## DAIRY PRODUCTS (see also Food Packaging)

Eggs in a bag . . . . .	December	42
Four varieties of cracker-sized processed cheeses are in Fischer Cheese Co.'s 8-oz. Snack Pak . . . . .	February	109
Packaging wasteland? - the milk case an island of calm in supermarket - says S. Ermoyan, v.p. Communications Design Center, BBDO Marketing . . . . .	July	48
Plastic jugs for milk have received a qualified approval in Minnesota . . . . .	November	48
Safeway Stores, Inc. sends packaging man to attend Soc. of Plastics Engineers session on plastic milk bottles . . . . .	July	48
Dane-T-Bits Co. . . . .		
To widen package appeal, merchandising moves into the home . . . . .	June	128
Darling & Co. . . . .	July	205
New look in checkweighers . . . . .		
Delamere & Williams Co., Ltd. . . . .		
New machine for forming, filling and sealing liquid-product plastics pouches . . . . .	September	62
Delta Engineering Corp. . . . .		
Automatic parts counter/loader . . . . .	August	60
Dennison Manufacturing Co. . . . .		
Large Thermimage copy areas, new imprinter . . . . .	April	228

## DESIGN

Chrome-plated closure of acrylonitrile butadiene styrene for Merle Norman's men's toiletries . . . . .	July	139
Construction wine in folding boxes . . . . .	April	177
CSMA selections of year's outstanding aerosols . . . . .	February	181
